CHAPTER I. INTRODUCTION

Article 1. Purpose

The purpose of these Rules is to establish a set of guidelines for the Board of Directors of FOMENTO DE CONSTRUCCIONES Y CONTRATAS S.A. (hereinafter referred to as the "**Company**" or "**FCC**"), the basic rules of its organisation and operation and a code of conduct for its members in order to reach the highest level of efficacy and transparency.

Article 2. Scope of application and dissemination

1. These Rules apply both to the Company's Board of Directors and to its delegate bodies and internal Committees, and to their members and, where appropriate, to the senior executives of the Company and its Group.

For the purposes of these Rules, the FCC Group is understood to comprise those companies in which FCC, directly or indirectly, owns more than 50% (fifty per cent) of capital stock or where, even if it does not exceed that percentage, it directly or indirectly controls management.

The principles of action and the system of organization and operation of the management bodies existing in other companies in the Group shall be regulated, where appropriate, in their corresponding internal regulations, which shall conform to the principles contained in these Rules, without prejudice to any adjustments that may be necessary in view of the specific circumstances of each company. Moreover, they shall comply, in all cases, with the principles of coordination and information that should govern relations between the administrative bodies of the different companies in the Group, in order to ensure the best performance of their respective functions.

2. The persons to whom these Rules apply, particularly the Directors and Senior Executives of the Company and, where appropriate, of its Group, are obliged to know and comply with these Rules and to ensure that others comply with them; it is the duty of the Secretary of the Board of FCC to deliver a copy to each one of them.

For the purposes of these Rules, senior executives of the Company are those who report directly to the Board or the Company's first executive and, in any case, include the internal auditor. Persons not meeting the foregoing conditions who are nonetheless declared by the Board of Directors to be Senior Executives, following a -favorable report by the Appointments and Remuneration Committee, shall be classified as such.

3. The Board of Directors shall take steps to ensure that these Rules are made known to shareholders and the investment community in general so as to make them aware of the commitments assumed by the Board members and Senior Executives of FCC. To this end, the full contents of these Rules shall be reported to the National Securities

Market Commission (CNMV) and registered in the Mercantile Register and shall also be available on the FCC web site.

Article 3. Interpretation

These Rules complete the regulations applicable to the Board of Directors established in the mercantile legislation in force and in the Articles of Incorporation of FCC and should be interpreted in conformity with the general criteria for interpreting regulations, having regard fundamentally to the spirit and purpose of the Rules, the Board itself having the authority to clarify the contents. In the event of a discrepancy between the provisions of these Rules and those in the Articles of Incorporation, those of the Articles of Incorporation shall always prevail.

Article 4. Amendment

1. The Board of Directors may amend these Rules in accordance with the requirements contained in this Article.
2. The Chairman of the Board, the Managing Director, one-third of the Board members or a majority of the members of the Audit and Control Committee may request amendments to these Rules when, in their opinion, there are circumstances which make such changes necessary or advisable. Amendment proposals must be accompanied by a report describing the reason for, and scope of, the proposed amendment.
3. The Audit and Control Committee must be consulted on any proposed amendment.
4. The text of the proposed amendment, the report justifying it and the report of the Audit and Control Committee must be appended to the announcement of the Board meeting in which the amendment shall be debated.
5. The announcement must be made with the advance notice and in accordance with the other rules set out in the Articles of Incorporation and these Rules.
6. In order to be valid, any amendment to these Rules must be approved by at least an absolute majority of the members of the Board, rounding up any fractions.

CHAPTER II. COMPOSITION, POWERS AND FUNCTIONS OF THE BOARD OF DIRECTORS

Article 5. Quantitative composition

1. The Board of Directors shall consist of such number of Directors as may be determined by the General Meeting within the limits laid down in the Company's Articles of Association.

2. The Board shall propose to the General Meeting the number of Directors which, in accordance with the circumstances of the Company at any given time, is most appropriate to ensure due representation and the efficient functioning of the body, without prejudice, in any case, to the shareholders' right to proportional representation.

Article 6. Qualitative composition. Categories of Directors

1. Persons appointed as Board members must meet not only the requirements stipulated by law and by the Articles of Incorporation but also those set out in these Rules and, upon taking up office, must make a formal commitment to fulfil the obligations and duties envisaged herein.
2. Directors shall be classified as executive and non-executive; these in turn shall be distinguished as proprietary, independent or other external members, pursuant to the provisions of legal requirements in this regard:
 - a) Independent Directors: those appointed for their personal or professional qualities who are in a position to perform their duties without being influenced by any connection with the Company or its Group, its shareholders or its management.

Under no circumstances may any person concerned by any of the following events be appointed as an Independent Director:

- (i) Past employees or executive directors of FCC Group companies, unless three (3) or five (5) years have elapsed, respectively, from the end of the relation.
- (ii) Those who have received some payment or other form of compensation from the Company or its Group in addition to their Directors' fees, unless the amount involved is not material for the Director.

Dividends or pension supplements received by a Director for prior employment or professional services shall not count for the purposes of this section, provided such supplements are non-contingent, i.e. the FCC or the Group company that paid them has no discretionary power to suspend, modify or revoke their payment, and by doing so would be in breach of its obligations.

- (iii) Partners, now or within on the past three (3) years, in the external auditor or the firm responsible for the audit report, during that period, of FCC or any other within its Group.

- (iv) Executive directors or senior officers of another company where an executive director or senior officer of the FCC Group is an external director.
- (v) Those having material business dealings with FCC or another company in its group or who have had such dealings in the preceding year, either on their own account or as a significant shareholder, director or senior officer of a company that has or has had such dealings.

Business dealings shall include the provision of goods or services, including financial services, as well as advisory or consultancy relationships.

- (vi) Significant shareholders, executive directors or senior officers of an entity that receives donations from FCC or another company in its Group or has done so in the past three (3) years.

This section shall not apply to those who are merely trustees of a foundation receiving donations.

- (vii) Spouses, or partners maintaining an analogous affective relationship, or close relatives of one of the company's executive directors or senior officers.
- (viii) Any person not proposed for appointment or renewal by the Nomination and Remuneration Committee.
- (ix) Past Directors over a continuous period of more than twelve (12) years.
- (x) Those standing in any of the situations listed in sections (i), (v), (vi) or (vii) above in relation to a significant shareholder or a shareholder with board representation. In the case of the family relations set out in item (vii), the limitation shall apply in connection not only with the shareholder but also with his or her proprietary directors in the investee company.

Proprietary directors disqualified as such and obliged to resign due to the disposal of shares by the shareholder they represent may only be re-elected as independents once that shareholder has sold all remaining shares in FCC.

A Director with shares in FCC may qualify as independent provided he or she meets all the conditions stated in this item and the holding in question is not significant.

b) Proprietary directors:

- (i) directors who own an equity stake above or equal to the legally determined threshold for significant holdings, or otherwise appointed due to their status as shareholders, and
 - (ii) those representing the shareholders stated in section (i) above.
 - c) Executive directors: those who undertake management roles in FCC or its Group, regardless of the legal relationship between the two. However, any Directors that are senior executives or Directors of companies belonging to the group of the parent entity of the Company shall have the capacity of Proprietary directors in the latter.

When a Director undertakes a management role and, at the same time, is or represents a significant shareholder or is represented on the Board of Directors of FCC, they are classified as executives.
 - d) Other directors, i.e. those non-executive directors that cannot be classified as either proprietary or independent; this circumstance and any connections between such directors and the Company, its executives or shareholders must be explained in the Annual Corporate Governance Report.
3. The category of each director should be explained to the General Meeting of Shareholders which shall make or ratify his or her appointment. Such determination should subsequently be confirmed or reviewed in each year's Annual Corporate Governance Report, after verification by the Nomination and Remuneration Committee; also, with respect to external directors that cannot be classified as either proprietary or independent, the reasons for this circumstance must be disclosed along with their connections with the Company or its executives or with its shareholders. The Annual Corporate Government Report should also disclose the reasons for the appointment of proprietary directors at the behest of shareholders controlling less than the percentage legally classified as significant and shall explain any rejection of a formal request for a board seat from shareholders whose equity stake is equal to or greater than that of others who succeeded in appointing a proprietary director.
4. The Board of Directors shall ensure that the procedures for selecting its members favour diversity in such matters as age, gender, disability or professional training and experience, with no implicit bias that might involve any discrimination and, in particular, that facilitate the selection of a sufficient number of female Directors so as to enable a balance between women and men to be achieved.
5. In particular, the Board of Directors shall have the number of independent Directors deemed most appropriate at any given time, who shall be elected by the General Meeting based on the application of criteria of rigorous professionalism and full independence, and who shall be proposed for election by the Appointments and Remuneration Committee. The selected candidates shall be proposed to the Board of

Directors and by the latter to the General Meeting of Shareholders, unless vacancies are directly filled by co-optation.

Article 7. Powers of the Board of Directors. Powers that may not be delegated

1. The Board of Directors is competent to make decisions about any matter not attributed by Law or the Articles to the General Meeting; it has the highest powers and faculties to manage, direct, administer and represent the Company, focusing fundamentally on overseeing the day-to-day management of the Company that is entrusted to the executive directors and senior managers, and on all matters of particular importance to the Company.
2. The Company has a Compliance Model, consisting of a structured set of rules, procedures and actions aimed at the prevention and management of criminal risks and other unlawful acts or acts contrary to the law, the FCC Code of Ethics and Conduct and other internal regulations, which is managed by the Compliance Function. In addition, the companies in charge of managing the main businesses of the FCC Group have their own compliance function, which has full responsibility for managing their respective compliance models.

 - b) Propose to respective Boards of Directors, at the initiative of the Managing Director and through the Company's representatives, the appointment, removal and, when appropriate, indemnity clauses of the Chairmen and General Managers of the parent companies of FCC Group, acting in this connection in pursuit of the corporate interest of each of them.

- n) Approving the investments and financing policy and any investments, disinvestments, credit lines, loans, surety or guarantee lines, and other financial facilities within the limits that the Board of Directors itself establishes as well as investments and any other type of transactions which, in view of their high amount or specific circumstances, are deemed to be strategic or represent a special tax risk, unless the General Meeting is responsible for approving them.
- o) The organising and functioning powers of the Board or Directors, particularly the power to approve and amend these Rules.
- p) The powers vested in the Board of Directors by the General Meeting, which may only be delegated with the express consent of the General Meeting.

1. The Board of Directors is responsible for performing such acts as may be necessary to attain the corporate purpose set forth in the Articles of Incorporation, in accordance with the applicable laws.

The Board of Directors may not propose the removal of independent directors before the expiry of their tenure as mandated by the Articles, except where just cause is found by the Board, based on a report from the Nomination and Remuneration Committee. In particular, just cause shall be presumed *if the Director takes on new offices or contracts new obligations such that they are prevented from devoting the necessary time to performing the duties corresponding to the office of Director or incurred in any of the circumstances described in article 6.2.a) of these Rules* such as might hinder appointment as an independent Director.

The removal of independents may also be proposed when a takeover bid, merger or similar corporate operation produces changes in the Company's capital structure due to the proportionality between the number of proprietary directors and independent directors in relation to the capital represented by the proprietary directors and the rest of the capital.

5. If a Director resigns or is dismissed by the shareholders before the end of that Director's term of office, the Director shall sufficiently explain the reasons for such resignation or, in the case of non-executive Directors, their view of the reasons for their dismissal by the shareholders, by sending a letter to all members of the Board. Furthermore, and without prejudice to the full explanation to be included in the ACGR inasmuch as it is relevant for investors, the Company shall publicise the resignation or dismissal as promptly as possible, including a sufficient account of the reasons or circumstances cited by the Director. In particular, where the director resigns due to the adoption by the Board of significant or repeated decisions to which the director has placed serious objections on record, and decides to resign as a result, the resignation letter to the other directors must expressly state this fact.

CHAPTER V. DIRECTORS' DUTIES

Article 20. General obligations of Directors

1. The directors must comply with the obligations imposed by law, the Articles of Incorporation and the Company's Rules (Rules of the General Meeting of Shareholders, Rules of the Board of Directors, Code of Ethics and Internal Code of Conduct in the ambit of the Stock Market), being guided by the Company's interests, understood as achieving a business that is profitable and sustainable in the long term, promoting its continuity and maximising the Company's economic value and upholding the principle of treating all shareholders equally, discharging their duties with singleness of purpose and independence.

A Director's duty is to direct and oversee the management of FCC so as to maximise value in a sustained way to the benefit of all shareholders, being guided by the company's interests. Also in pursuit of the Company's interests, besides upholding the applicable legislation and regulations, it shall enforce compliance with undertakings and contracts in good faith and in accordance with the principles of ethics, uphold good practices generally accepted in the relevant sectors and territories where the Company operates, striving to balance the Company's interests with any legitimate interests of its employees, suppliers, clients and other potentially affected stakeholders, as well as the impact of the Company's activities on the community as a whole and on the environment.

2. In discharging their duties, directors must act with the diligence of an orderly entrepreneur and the loyalty of a faithful representative, in good faith and in the best interest of the Company.

Article 21. Duty of diligence

1. Directors must undertake their role and comply with the duties imposed by Law and Articles of Incorporation with the diligence of an orderly entrepreneur, while taking into account of the nature of the role and the functions attributed to each of them.
2. Directors must act with suitable dedication and shall adopt specific measures for the effective management and control of the Company. In particular, the duty of diligence requires Directors to:
 - a) Keep themselves informed and prepare for Board meetings and meetings of the delegate committees of which they are members. To this end, they shall gather the appropriate information they require to fulfil their legal obligations.
 - b) Attend the meetings of the committees of which they are members and participate actively in the debates in order to contribute effectively to the decision-making process.

Cases of failure by Directors to attend shall be limited to unavoidable circumstances and quantified in the ACGR. If they must occur, representation shall be granted, giving the relevant instructions.

- c) Attend the General Shareholders' Meeting.
 - d) Perform any specific function entrusted to him/her by the Board of Directors that falls reasonably within his or her commitment of dedication.
 - e) Encourage people with the ability to do so to call an extraordinary Board meeting or to include, on the agenda of the next meeting to be held, any items he or she considers appropriate.
 - f) Clearly express his or her opposition to any motion set before the Board which may be contrary to the Law, the Articles of Incorporation, these Rules and other internal regulations of the Company, the corporate interest or when it does not respond to a reasonable need of the Company and is adopted by a majority in their own interest and to the unjustified detriment of the other shareholders and, in particular, independent and other Directors unaffected by the potential conflict of interest, when these are decisions that might be detrimental to the interests of the shareholders not represented on the Board.
3. As for strategic and business-related decisions, which are subject to business considerations, the diligence standard of an orderly entrepreneur shall be deemed to be met when the Director has acted in good faith, without any personal interest in the item covered by the decision, with sufficient information and according to an appropriate decision-making procedure.
 4. Directors must inform the Appointments and Remuneration Committee of their other professional obligations in case they interfere with the dedication required of a director.

Article 22. Duty to act in good faith

1. Directors shall undertake their roles with the loyalty of a faithful representative, acting in good faith and in the best interest of the Company, giving priority, in any case, to the Company's interests over and above any personal interests.
2. In particular, Directors shall, in compliance with the duty to act in good faith:
 - a) Not exercise their powers with any purpose other than that for which they have been granted.
 - b) Not disclose any information, data, reports or records to which they have had access in the performance of their duties, even when they are no longer active in this capacity, except for the cases permitted or required by Law.

- c) Refrain from taking part in the debate and vote of resolutions or decisions in which they or a related party have a direct or indirect conflict of interest. The previous obligation of abstention shall exclude any resolutions or decisions which affect them in their capacity as Director, such as their appointment to or removal from roles in the Board of Directors or others of a similar meaning.
- d) Perform their duties under the principle of personal responsibility with freedom of criterion or judgement and independence as regards instructions of and connections with third parties.
- e) Adopt any necessary measures to avoid any situations where their interests, either on their own behalf or on behalf of third parties, may conflict with the social interest and their duties with the Company.

Article 23. Conflicts of interest

1. Within the framework of the duty to avoid situations of conflict of interest as indicated in section 2.e) of the previous article, Directors shall refrain from:
 - a) Carrying out transactions with the Company or with companies of its Group, except when these are ordinary transactions, completed under standard conditions for the clients and of little significance; this means that the information related to them is not necessary to provide a true and fair view of the equity, financial situation and results of the Company.
 - b) Using the name of the Company or invoking their capacity as Directors to unduly influence the completion of private transactions.
 - c) Making use of company assets, including any confidential information of the Company, for private purposes.
 - d) Taking advantage of any business opportunities of the Company.
 - e) Obtaining benefits or remuneration from different third parties of the Company and its Group related to the performance of their duties, unless they concern items out of common courtesy.
 - f) Undertaking activities on their own behalf or on behalf of third parties which actually or potentially amount to effective competition for the Company or which otherwise place them in permanent conflict with the interests of the Company.
2. The previous points shall apply also in the event that the beneficiary of the acts or banned activities is a person related to the Director.
3. At any rate, Directors shall inform the Board of Directors, sufficiently in advance, of any situation of direct or indirect conflict that they or any persons related to them may have with the interest of the Company or the interest of the companies that are part of

the FCC Group or its related companies, through the Corporate Responsibility Department or any other by which it may be replaced.

4. The Company may waive the bans contained in this article in individual cases by authorising a Director or a related party to carry out a specific transaction with the Company, to use particular company assets, to benefit from a specific business opportunity or to obtain a benefit or remuneration from a third party, without prejudice to the provisions under the applicable legislation and these Rules in respect of Related Transactions.
5. The authorisation must certainly be agreed by the General Meeting when its purpose is to waive the ban on obtaining a benefit or remuneration from a third party, it concerns a transaction whose value is greater than ten percent (10%) of the company assets or it relates to the obligation not to compete with the Company. In this final case, it can only be exempted if no damage is expected to be incurred by the Company or any that is expected is offset by the benefits that are expected to be obtained from the exemption; the exemption must be granted by means of an express and separate resolution of the General Meeting.
6. In the other cases that affect the bans contained in this article, the authorisation may be granted by the Board of Directors, based on a favourable report of the Appointments and Remuneration Committee, provided that the independence of the members that grant it is guaranteed in relation to the exempted Director or the affected related party. Furthermore, the harmlessness of the authorised transaction must be guaranteed for the net assets or, where appropriate, its completion under market conditions and the transparency of the process. Any Directors that are affected or represent or are related to the affected shareholders must refrain from taking part in the debate and vote of the relevant resolution.

In the case of Related Transactions, the provisions of the law and these Rules shall apply.

7. At any rate, any situations of conflict of interest by which Directors are concerned shall be detailed in the report, under the terms established by Law.
8. Related parties shall be as defined in the Capital Companies Act.

Article 24. Related transactions

1. The Board of Directors shall be responsible for being aware of and approving, following a report by the Audit and Control Committee, any transactions made between the Company or Group companies with Directors or with shareholders who individually or jointly with others hold at least ten per cent (10%) of the voting rights, including shareholders represented on the Company's Board of Directors or the boards of any other Group companies or with any other persons considered to be related

parties as provided by law (“Related Transactions”), unless such approval corresponds to the General Meeting of Shareholders.

2. For the purposes established in the preceding section any transactions undertaken between the company and its directly or indirectly wholly controlled companies, the approval by the Board of Directors of the terms and conditions of contracts to be entered into with Directors who are to perform executive duties, including the CEO or Senior Executives, as the case may be, and the determination by the Board of the specific sums or remuneration to be paid under such contracts.

Nor shall any transactions between the Company and its dependent companies or subsidiaries be considered to be Related Transactions, provided that no other party related to the Company holds any interests in such dependent entities or subsidiaries.

3. The approval of Related Transactions to the value of ten per cent (10%) of the total assets according to the latest balance sheet approved by the Company shall correspond to the General Meeting of Shareholders. The approval of any other Related Transactions shall correspond to the Board of Directors, which shall not delegate this authority save in respect of Related Transactions with Group companies undertaken in the normal course of business and under market conditions, and any Related Transactions agreed under contracts with standard terms and conditions applied across the board to a large number of clients, at generally established prices or rates by whoever is acting as the supplier of the goods or provider of the service in question and provided that the value thereof does not exceed 0.5% of the Company's net turnover.
4. The Audit and Control Committee shall issue a report prior to the approval of a Related Transaction by the General Meeting of Shareholders or the Board of Directors. In this report, the Committee shall assess whether the transaction is fair and reasonable from the Company's point of view and that of any shareholders other than the related party, indicating the budgets upon which the assessment is based and the methods used.

Directors who are members of the Audit and Control Committee affected by the Related Transactions shall not be involved in the preparation of the report.

This report shall not be compulsory in respect of undertaking Related Transactions if their approval has been delegated by the Board of Directors in cases that are legally permitted and for which provision is made in these Rules.

5. In cases in which, pursuant to subsection 3 of this section, the Board of Directors delegates the approval of Related Transactions, the Board itself shall establish a regular internal reporting and control procedure to verify the fairness and transparency of such operations and compliance with any applicable legal criteria.

6. The Board of Directors shall supervise the public disclosure of any Related Transactions undertaken by the Company or by Group companies if the value thereof is equal to or greater than five per cent (5%) of the Company's total assets or 2.5% of the annual turnover.

For these purposes, an announcement, containing the legally required detail, shall be inserted in an easily accessible part of the Company's website and also reported to the CNMV. The announcement shall be published and reported no later than by the date of undertaking the Related Transaction and it shall be accompanied by the report issued by the Audit and Control Committee, as the case may be.

7. To determine the value of a Related Transaction all operations undertaken with the same counterpart over the last 12 months shall be accounted for as a whole.

Article 25. Directors' duty of disclosure.

Directors must disclose the following to FCC's Appointments and Remuneration Committee through the Corporate Responsibility Department or any unit that takes its place:

- a) Shares they own in FCC Group companies that are listed, held either directly or through companies in which they have a significant holding. Such information includes stock options or derivatives referring to the value of the shares, as well as the modifications to such stockholdings or related rights, which must be disclosed within three business days from the occurrence of such modifications. The Corporate Responsibility Department shall forward a copy of the disclosure to the Stock Market and Investor Relations Department of FCC in accordance with the provisions of its Internal Code of Conduct within the ambit of the Stock Market.
- b) Positions held and activities performed in other companies or entities.
- c) Significant changes in the director's professional situation that affects the category under which the director was appointed to the Board.
- d) Legal, governmental, or any other type of claim which, due to its significance, could have a serious effect on the reputation of FCC.
- e) In general, any event or situation that might be relevant to the director's performance as a Director of the FCC Board of Directors.

CHAPTER VI. INFORMATION FOR DIRECTORS

Article 26. Powers to gather information and inspect

1. In order to discharge their duties, Directors are duty bound to demand and entitled to obtain from the Company any appropriate information they require to fulfil their

obligations about any aspect of FCC and its subsidiaries and associated companies, in Spain and other countries. To this end, they may examine documentation, talk to the heads of the departments in question and visit the companies' facilities.

2. So as not to disturb the ordinary operations of the FCC Group, the exercise of these information rights must be channelled through the Chairman, who shall respond to the directors' requests by either providing the information directly or offering the appropriate interlocutors at the pertinent organisational level.
3. If such a request for information is denied, delayed or handled deficiently, the requesting director may refer his petition to the Audit and Control Committee, which must grant a hearing to both the Chairman and requesting director before deciding how to proceed.
4. The requested information may only be denied when, in the opinion of the Chairman and the Audit and Control Committee, it is unnecessary or could be harmful to the Company's interests. Information requests cannot be denied if supported by an absolute majority of the Board members.

Article 27. Expert assistance

1. In order to assist them in discharging their duties, Directors are entitled to obtain the necessary assistance from the Company to discharge their duties and, where necessary, to obtain advice, at FCC's expense, from legal, accounting and financial consultants and other experts.
2. Requests to engage external consultants or experts must be referred to the Chairman of the Board of Directors and shall be approved by the Board of Directors if it considers that:
 - a) it is necessary for the proper performance by non-executive directors of their assigned duties.
 - b) the cost is reasonable, in view of the materiality of the problem and the assets and revenues of FCC; and
 - c) the technical assistance cannot be properly provided by internal FCC experts or technical personnel.
3. Requests for expert assistance by any of the Board Committees may not be denied except when a majority of the Board members considers that the conditions envisaged in paragraph 2 of this Article are not met.

CHAPTER VII. DIRECTORS' REMUNERATION

Article 28. Remuneration of directors

1. It is the responsibility of the Board of Directors, following a report by the Appointments and Remuneration Committee, to fix the remuneration corresponding to each individual Director, in the framework of the Articles of Association and the remuneration policy, and to determine the remuneration corresponding to each individual Director for the performance of any executive duties attributed to them, in the framework of the remuneration policy and the terms of their contract.
2. The remuneration of Directors must always be reasonably proportioned to the importance of the Company, the economic situation applicable at each time and the market standards of comparable companies. The established remuneration system must aim to promote the long-term profitability and sustainability of the Company and incorporate the necessary prudence so as to prevent any excessive risk-taking and reward for unfavourable results.
3. The Board shall draft an Annual Report on Directors' Remuneration, which shall include comprehensive, clear and intelligible information about the Directors' remuneration policy applicable to the financial year underway. It must also contain an overview of how the policy was applied during the previous year, and the breakdown of individual remuneration accrued by each Director in the previous year.

This Report shall be published and voted upon by the Ordinary General Meeting of Shareholders, on a consultative basis, as a separate item on the agenda.

4. The remuneration policy for Directors shall be in line with the remuneration system provided under the Articles of Association and shall be approved by the General Meeting of Shareholders, as a separate item on the Agenda, to be applied for a maximum period of three (3) financial years. Notwithstanding, a proposal for a new remuneration policy shall be submitted to the General Meeting of Shareholders prior to the end of the last year of applicability of the above. The General Meeting of Shareholders may determine that the new policy is to be applicable from the date of its approval for the following three (3) financial years. Any amendment thereto or replacement thereof during the aforementioned period shall require the prior approval of the General Meeting of Shareholders according to the approval procedure established.

When preparing the aforementioned remuneration policy, which shall be duly explained and accompanied by a specific report from the Appointments and Remuneration Committee, the Board shall apply the following criteria: (i) Directors' remuneration shall be as necessary to attract and retain Directors with the desired profile in order to remunerate the time, qualifications and responsibilities that the office demands, but shall not be so high as to compromise the independence of view of non-executive Directors; (ii) if any remuneration takes the form of the delivery of Company or Group company shares, share options or rights or instruments linked to the share value, variable remuneration linked to the Company's and personal

performance or long-term savings systems such as pension plans, retirement schemes or other social benefits, such remuneration shall be limited to the executive Directors, unless, in the event of the delivery of shares as remuneration for non-executive Directors, such Directors maintain the same for the duration of their period of service (although this does not apply to any shares that such Director may need to dispose of to meet the costs related to their acquisition); (iii) in the case of remuneration linked to Company earnings, they should take account of any qualifications in the external auditor's report that lead to a reduction in such earnings; (iv) in the case of variable awards, remuneration policies should include limits and technical safeguards to ensure they reflect the professional performance of the beneficiaries and not simply the general progress of the markets or the Company's sector, atypical or exceptional transactions or circumstances of this kind.

5. In the event that the Annual Report on Directors' Remuneration is rejected in the consultative vote of the Ordinary General Meeting, as referenced in Section 3 above, the Company shall continue to apply the remuneration policy in force on the date of the General Meeting of Shareholders only until the next AGM is held. Furthermore, if the proposal for a new remuneration policy is rejected by the General Meeting of Shareholders, the Company shall continue to remunerate its Directors in accordance with the remuneration policy in force on the date of such General Meeting, and a new proposal for the remuneration policy shall be submitted for approval at the next AGM.
6. Whenever a member of the Board of Directors is appointed Managing Director, or executive duties are assigned by virtue of another title, an agreement must be executed between this individual and the Company which must be previously approved by the Board of Directors with a favourable vote of at least two thirds (2/3) of its members. The Director concerned shall refrain from attending the debate and taking part in the vote. The approved agreement shall be appended to the minutes of the session.

This agreement, which shall be consistent with the Company's remuneration policy, must contain all indications required by Law, especially all instances where the Director can obtain remuneration in consideration of the performance of executive duties, including, where appropriate, any indemnity for the early removal from these duties and any amounts to be paid by the Company as insurance premiums or contributions to savings systems. The Director may not receive any remuneration for the performance of executive duties whose amounts or items are not established in the aforesaid agreement.

Article 29. Directors' liability

1. Directors shall be liable vis-à-vis the Company, shareholders and any company creditors for any damage that they cause by any acts or omissions that are contrary to Law or the Articles of Incorporation, or by any are carried out in breach of the duties inherent to their position, provided that the damage is wilful or negligent.

2. The liability of the Directors is also extended to include de facto directors. To this end, both those that actually perform the functions inherent to directors, without any title or with an invalid or expired title, or with any other title, and any person under whose instructions the Company Directors act, shall be deemed to be de facto directors.
3. When there is no permanent delegation of any power of the Board of Directors to the Managing Director, all the provisions on the duties and liability of Directors shall apply to the person, whatever their denomination may be, to whom the powers of the most senior manager of the Company have been conferred, without prejudice to the actions of the Company based on their legal relationship with it.
4. The members of the Board of Directors that performed the harmful action or adopted the harmful resolutions shall be jointly and severally liable except for those who can prove that they did not participate in its adoption or performance or were unaware of its existence or, although aware of its existence, did everything they could to avoid the damage, or at least expressed their opposition to it.
5. Under no circumstances shall the fact that the harmful action or resolution was adopted, authorised or ratified by the General Meeting of Shareholders constitute exoneration from liability.

CHAPTER VIII. STRUCTURE AND FUNCTIONING OF THE BOARD OF DIRECTORS

Article 30. Chairman. Functions

In order to be valid, the permanent delegation of the powers of the Board of Directors and the designation of the Director delegated with such powers, regardless of their title, shall require the favourable vote of at least two-thirds (2/3) of the members of the Board of Directors.

3. The Managing Director is responsible for representing and directing the Company's business, always in keeping with the decisions and criteria established by the General Meeting of Shareholders and the Board of Directors, within the scope of their respective authority.

4. The Board of Directors may appoint a Vice-Secretary, who need not be a director, to assist the Secretary of the Board or to substitute for the Secretary in his or her absence or incapacity. The appointment and removal of the Vice-secretary shall require a prior report of the Appointments and Remuneration Committee.
5. Unless the Board of Directors decides otherwise, the Vice-Secretary may attend the Board meetings to assist the Secretary in drafting the meeting minutes.

Article 33. Minutes Book

1. Unless otherwise determined by the Board, the Company shall maintain a single Minutes Book containing the minutes of the General Meeting of Shareholders, the Board of Directors and its committees.
2. The Company, under the Chairman's supervision, is responsible for the custody of the Minutes Book.

Article 34. Meetings of the Board of Directors

1. The Board of Directors must meet with the necessary frequency to properly perform its functions, and at any rate, at least eight (8) times a year, with at least one meeting to be held every quarter, and whenever the interests of FCC require, in accordance

with a calendar and agendas set at the beginning of the year. The calendar of the ordinary meetings shall be set by the Board at the beginning of each year. The calendar may be modified by decision of the Board itself or of the Chairman, who shall notify the directors of the change at least ten (10) days in advance of the original meeting date, or of the modified meeting date if it is earlier.

2. The announcement of the ordinary meetings shall be sent by email or any other medium that enables receipt to be accredited and shall be authorised with the signature of the Chairman or the acting Chairman or of the Secretary or Vice-Secretary, by order of the Chairman.

Notwithstanding the provisions of Article 31 of the Articles of Incorporation, every effort shall be made to announce the meetings not less than ten (10) days in advance. Along with the announcement of each meeting, the Directors shall be provided with the meeting agenda and the pertinent documentation to enable them to form an opinion and vote on the issues submitted to them for their consideration.

In emergency situations, at the Chairman's discretion, a meeting of the Board of Directors may be called 24 (twenty-four) hours in advance of the scheduled date and time, in which case the meeting agenda shall be limited to the urgent matters.

3. The Chairman shall decide the meeting agenda, clearly setting out any matters upon which the Board is to make a decision or agreement, in order to enable the Directors to study or obtain in advance any such information as may be necessary for such decision to be made. If, exceptionally for reasons of urgency, the Chairman should wish to submit for the approval of the Board of Directors any decisions or agreements not included on the Agenda, the prior express consent of the majority of the Directors present shall be required, with the corresponding note to be included in the minutes.

Directors and any of the Board Committees may ask the Chair to include new items on the Agenda by making such suggestion no later than 13 days prior to the date scheduled for the meeting to be held, as provided under subsection 1 of this section, and the Chairman shall be obliged to grant such request. When a specific item is included on the meeting agenda at the request of the directors, then the directors who requested the inclusion of that item must forward the pertinent documentation along with their request or identify the pertinent documentation so that it can be forwarded to the rest of the Board members.

4. Unless the Board of Directors has been convened or has been exceptionally convened for reasons of urgency, the Directors shall, previously and sufficiently in advance, be provided with any information they need to debate and adopt resolutions on the items to be addressed, and the Chairman of the Board, in liaison with the Secretary, must guarantee compliance with this provision.

5. Board meetings may be held via telephone conferencing, videoconferencing or any other analogous system so that one or more Directors can attend the meeting via that system. For that purpose, in addition to stating the location where the meeting is physically held, which is where the Board Secretary must be located, the announcement must state that directors can attend via telephone conferencing, videoconferencing or an equivalent system, indicating and making available the technical means for this purpose, which in all cases must enable direct, simultaneous communication among attendees. The Secretary of the Board of Directors must enter, in the minutes of meetings held in this way, in addition to the names of the Directors physically in attendance or represented by another Director, those who attended via telephone conferencing, videoconferencing or an equivalent system.
6. Meetings shall be considered as convened in a valid manner when a majority of the members are in attendance, either present or represented.
7. The meetings shall be conducted and the resolutions passed as provided for under the law and the Articles of Incorporation and in these Rules.
8. Directors must attend any Board meetings that are held in person. However, they may be represented by another Director. Notwithstanding, any failure to attend by Directors shall be limited to unavoidable circumstances, and whenever they do occur, representation shall be granted, giving the relevant instructions. In the event of any doubt, the Chairman shall decide on the validity of the proxies conferred by the Directors who are absent. At any rate, non-executive Directors may only be represented by another non-executive Director.
9. The plenary Board shall devote one of its meetings each year to an assessment of its own performance during the preceding year, evaluating the quality of its work, and the efficacy of its rules and, where appropriate, proposing an action plan based on its result with a view to correcting any aspects which have been shown to be dysfunctional. Also, based on a report drawn up by the Appointments and Remuneration Committee, that meeting shall assess the performance of the Chairman of the Board and the Company's chief executive, and the performance of the Committees on the basis of the reports issued by them and, with regard to the functioning of Committees, it shall propose an action plan based on its result with a view to correcting any aspects which have been shown to be dysfunctional.

On the other hand, any

amendment to the Rules of the Board of Directors shall be passed with the favourable vote of the absolute majority of all Board members.

11. At the Chairman's discretion, the Board of Directors can adopt resolutions in writing without holding a session, if none of the Board Members objects to such procedure. When voting is done in this manner, the Secretary of the Board of Directors shall keep a record of the resolutions adopted, stating the names of the Board Members and the system used for informing about the Members' will, indicating the vote issued by each Member. In this case, resolutions are considered to be adopted at the Company's registered address on the date on which the latest vote issued was received. It must also be stated for the record that none of the Members of the Board of Directors objected to this procedure.

Votes in writing must be sent within ten (10) days after the date on which the request for a vote was received, otherwise they shall be rendered invalid.

After the term for issuing votes has elapsed, the Secretary shall notify the Board Members of the outcome of the vote, or of the fact that this voting procedure is not possible, given that a Member has objected to such procedure.

12. The Chairman of the Board of Directors may invite any persons that it sees fit to the meeting of the Board of Directors or discuss specific items of the Agenda with them.
13. The Board Secretary or Vice-Secretary, as the case may be, shall draft the minutes of each meeting of the Board of Directors, listing the attendees, the agenda, the time and place of the meeting, the main issues of the debate, and the motions that were passed.
